GLOCK MODEL 17T PURCHASE LETTER.doc DUTY AMMO JUSTIFICATION.doc 2008 AMMUNITION.xls (61 KB)

Debby:

Attached is the ammunition order for this year, as well as the sole-source justification for the duty ammo. I will be forwarding to you the approval emails from FLETC allowing us to use their contracts for the purchase. Within the spreadsheet are tabs for the shipping addresses, number of cases per address, three quotes per ammo type and vendor contacts.

Also attached is a letter for the purchase of 10 Glock Model 17T training weapons. This letter and a purchase order can be sent to Glock at:

They have to receive a paper order. These are not live-fire weapons, they are training weapons that shoot training marking cartridges.

Thank you for your assistance Debby, please let me know if you need any more information.
